Notification must state that the district will take steps to assure that the lack of English will not be a barrier to admission and participation in district programs. This policy applies to all students insofar as participation in programs and activities is concerned, with few exceptions such as contact sports. Parents have the option to provide a school with emergency contact information, including the information of secondary contacts, to identify a trusted adult guardian who can care for a minor student in the event the parent is detained or deported. Parents have the option to complete a Caregiver's Authorization Affidavit or a Petition for Appointment of Temporary Guardian of the Person, which may enable a trusted adult the authority to make educational and medical decisions for a minor student. The notice must include the date of instruction, the name of the organization or affiliation of each guest speaker and information stating that the parent has the right to request a copy of the law pertaining to such instruction. Parents have the right to excuse his or her child from all or part of the comprehensive sexual health and HIV prevention education by submitting a written request to the district. Those students whose parents do not submit a written request to excuse them will receive such instruction. The law also authorizes the district, without prior parental consent, to use anonymous, voluntary and confidential research and evaluation tools to measure student's health behaviors and risks, including tests, questionnaires, and surveys containing age appropriate questions in grades 7 to 12 about the student's attitudes concerning or practices relating to sex. ### **SCHOOL ATTENDANCE/ATTENDANCE ALTERNATIVES**

California law (EC §48980(g)) requires all school boards to inform each student's parent at the beginning of the school year of the various ways in which they may choose schools for their children to attend other than the ones assigned by school districts. Students who attend schools other than those assigned by the districts are referred to as "transfer students" throughout this notification. There is one process for choosing a school within the district which the parent lives (intradistrict transfer), and potentially three separate processes for selecting schools in other districts (interdistrict transfer). The general requirements and limitations of each process are described as follows:

#### **Choosing a School Within District in Which Parent Lives:**

The law (EC §35160.5(b)) requires the school board of each district to establish a policy that allows parents to choose the schools their children will attend, regardless of where the parent lives in the district. The law limits choice within a school district as follows:

- Students who live in the attendance area of a school must be given priority to attend that school over students who do not live in the school's attendance area.
- In cases in which there are more requests to attend a school than there are openings, the selection process must be "random and unbiased," which generally means students must be selected through

- a lottery process rather than on a first-come, first-served basis. A district cannot use a student's academic or athletic performance as a reason to accept or reject a transfer.
- Each district must decide the number of openings at each school which can be filled by transfer students. Each district also has the authority to keep appropriate racial and ethnic balances among its schools, meaning that a district can deny a transfer request if it would upset this balance or would leave the district out of compliance with a court-ordered or voluntary desegregation program.
- Each district may adopt a school selection policy that takes into consideration special circumstances that might be harmful or dangerous to a particular pupil, whether the sibling of the pupil is already in attendance at the school, and/or whether the pupil's parent is employed at the school.
- If a transfer is denied, a parent does not have an automatic right to appeal the decision. A district may, however, voluntarily decide to put in place a process for parents to appeal a decision.

#### Choosing a School Outside District in Which Parent Lives:

Parents have three different options for choosing a school outside the district in which they live. The three options are:

**Option 1: Districts of Choice (EC §§48300 through 48315):** The law allows, but does not require, each school district to become a "district of choice" – that is, a district that accepts transfer students from outside the district under the terms of the referenced Education Code sections. If the school board of a district decides to become a "district of choice" it must determine the number of students it is willing to accept in this category each year and accept all pupils who apply to transfer until the school district is at maximum capacity. The school district of choice shall ensure that pupils admitted under this article are selected through an unbiased process that prohibits consideration of factors such as academic or athletic performance, physical conditions, or proficiency in English. If the district chooses not to become a "district of choice," a parent may not request a transfer under these provisions. Other provisions of the "district of choice" option include:

- Either the district a student would transfer to or the district a student would transfer from may deny a transfer if it will negatively affect the racial and ethnic balance of the district, or a court-ordered or voluntary desegregation plan. A district of choice cannot deny a transfer request on the basis that the costs to provide services exceeds the revenue received, but it may reject a request if doing so would require the creation of a new program. However, the district of choice may not deny the transfer of any special needs student, including an individual with exceptional needs, or an English Learner student even if the cost to educate the student exceeds the revenue received or the creation of a new program is required. The district a student would be leaving may also limit the total number of students transferring out of the district each year to a specified percentage of its total enrollment, depending on the size of the district.
- Communications to parents by a school district of choice shall be factually accurate and shall not target students based upon academic ability, athletic performance, or other personal characteristics.
- The district of choice must post transfer application information on its website, including any applicable forms, the timeline for a transfer, and an explanation of the selection process.
- All communications from a school district of choice regarding transfer opportunities must be available in all languages for which translations are required in the school district of residence under EC §48985.
- No student who currently attends a school or lives within the attendance area of a school can be forced out of that school to make room for a student transferring under these provisions.
- Entrance priority must be given as follows:
  - Siblings of students already attending school in the "district of choice" must be given first priority.

- Pupils eligible for free or reduced-price meals must be given second priority.
- Children of military personnel must be given third priority.

- A parent may request transportation assistance within the boundaries of the "district of choice." The district is required to provide transportation only to the extent it already does so.
- A school district in which an active military duty parent of a student resides shall not deny the transfer of that student to a school in any district, if the school district to which the parent of the student applies approves the application for transfer.

**Option 2: Other Interdistrict Transfers (EC §46600 et seq.):** The law allows two or more districts to enter into an agreement for the transfer of one or more students for a period of up to five years. New agreements may be entered into for additional periods of up to five years each. The agreement must specify the terms and conditions under which transfers are permitted. Districts of residence may not deny a transfer of a student whose parent is active duty military where the district of proposed enrollment approves the application. The law on interdistrict transfers also provides for the following:

- If either district denies a transfer request, a parent may appeal that decision to the county board of education. There are specified timelines in the law for filing an appeal and for the county board of education to make a decision.

**Option 3: Parental Employment in Lieu of Residency Transfers (EC §48204(b)):** If at least one parent of a student is physically employed in the boundaries of a school district other than the one in which they live for a minimum of 10 hours during the school week, the student may be considered a resident of the school district in which his/her parents work. This code section does not require that a school district accept a student requesting a transfer on this basis, but a student may not be rejected on the basis of race, ethnicity, sex, parental income, academic achievement, or any other "arbitrary" consideration. Other provisions of EC §48204(b) include:

- Either the district in which the parent lives or the district in which the parent works may prohibit the student's transfer if it negatively impacts a desegregation plan.
- The district in which the parent works may reject a transfer if it determines that the cost of educating the student would be more than the amount of government funds the district would receive for educating the student.
- There are set limits (based on total enrollment) on the net numbers of students that may transfer out of a district under this law, unless the district approves a greater number of transfers.
- There is no required appeal process for a transfer that is denied. However, the district that declines to admit a student must provide in writing to the parent the specific reasons for denying the transfer.

#### Open Enrollment Act (EC §48350 et seq.)

Whenever a student is attending a district school on the Open Enrollment List, as identified by the Superintendent of Public Instruction, he/she may apply to transfer to another school within or outside of the district, if the school to which he/she is transferring has a higher Academic Performance Index. Districts with a school on the List must notify the parents at that school on or before the first day of the school year of their option to transfer to another public school. Information regarding the application process and applicable deadlines can be obtained from the district office.

- (2) Recognize that the best learning takes place when the student learns because of his/her desire to learn.
- (3) Maintain a learning situation maximizing student self-motivation and encouraging the student in his/her own time to follow his/her own interests. These interests may result in whole or in part from a presentation by his/her teachers of choices of learning projects.
- (4) Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process.
- (5) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, student, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance area shall have copies of the law available for your information. This law particularly authorizes interested persons to request that the governing board of the district to establish alternative school programs.

**LOCAL CONTROL AND ACCOUNTABILITY PLAN (EC §§52059.5-52077):** The district is required to adopt a three-year Local Control and Accountability Plan (LCAP) and to update the LCAP on or before July 1 of each subsequent year. The LCAP is required to identify annual goals, specific actions geared toward implementing those goals, and must measure progress for student subgroups across multiple performance indicators based on eight priorities set by the State. The priorities must be aligned to the district's spending plan. The LCAP must be approved before the annual district budget can be adopted. Once the budget and LCAP are adopted at the local level, the plan will be reviewed by the county superintendent to ensure alignment of projected spending toward goals and services. The following are the State priorities:

1. Providing all students access to fully credentialed teachers, instructional materials that align with state standards, and safe facilities;
2. Implementation of and student access to state academic content and performance standards;

4. Improving student achievement and outcomes along multiple measures;
5. Supporting student engagement;
6. Highlighting school climate and connectedness;

The Board of Education is required to establish a parent advisory committee (PAC) and English learner parent advisory committee (ELPAC) to provide advice to the Board of Education and the superintendent regarding the LCAP. (ELPACs are required if enrollment in the school district includes at least 15% English learners and the district enrolls at least 50 pupils who are English learners. Districts are not required to establish a new ELPAC if an English learner parent committee has already been established).

Each district is required to consult with its teachers, principals, administrators, other school personnel, local bargaining units, parents, its special education local plan area administrator(s), and pupils in developing the LCAP. As part of this consultation process, districts must present their proposed plans to the PAC and ELPAC. The advisory committees can review and comment on the proposed plan. Districts must respond in writing to the comments of the PAC and ELPAC. Districts are also required to notify members of the public that they may submit written comments regarding the specific actions and expenditures proposed in the LCAP.

Districts must hold at least two public hearings to discuss and adopt (or update) their LCAPs. The district must first hold at least one hearing to solicit recommendations and comments from the public regarding expenditures proposed in the plan, and then adopt (or officially update) the LCAP at a subsequent hearing.

Districts are required to post prominently on the homepage of the school district's website the LCAP approved by the Board of Education and any updates or revisions to the LCAP, and establish policies for filing a complaint of noncompliance under EC §52075 using the Uniform Complaint Procedures. Information regarding the requirements for a Local Control and Accountability Plan and the complaint process shall be provided to pupils, parents, and employees on an annual basis.

### **Reporting Process and Complaint Investigation and Resolution**

The Uniform Complaint Procedures (AR 1312.3) is used to investigate and resolve sexual harassment complaints.

The district's policy must contain information on where to obtain the specific procedure

Any student who believes that he/she has been subjected to sexual harassment by another student, an employee, or a third party or who has witnessed sexual harassment is strongly encouraged to report the incident to his/her teacher, the principal or his or her designee, or any other available school employee. Within one school day of receiving such a report, the school employee shall forward the report to the principal or the district's Title IX Compliance Officer identified in AR 1312.3. In addition, any school employee who observes an incident of sexual harassment involving a student shall, within one school day, report his/her observation to the Principal or his or her designee, or a district Compliance Officer. The employee shall take these actions, whether or not the alleged victim files a complaint.

When a report or complaint of sexual harassment involves off-campus conduct, the Principal shall assess whether the conduct may create or contribute to the creation of a hostile school environment. If he/she determines that a hostile environment may be created, the complaint shall

be investigated and resolved in the same manner as if the prohibited conduct occurred at school.

When a verbal or informal report of sexual harassment is submitted, the Principal or Compliance Officer shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with the district's uniform complaint procedures. Regardless of whether a formal complaint is filed, the principal or Compliance Officer shall take steps to investigate the allegations and, if sexual harassment is found, shall take prompt action to stop it, prevent recurrence, and address any continuing effects.

If a complaint of sexual harassment is initially submitted to the Principal, he/she shall, within two school days, forward the report to the Compliance Officer to initiate investigation of the complaint. The Compliance Officer or designee shall contact the complainant and investigate and resolve the complaint in accordance with law and district procedures specified in AR 1312.3.

In investigating a sexual harassment complaint, evidence of past sexual relationships of the victim shall not be considered, except to the extent that such evidence may relate to the victim's prior relationship with the respondent.

In any case of sexual harassment involving the Principal, his or her designee, Compliance Officer, or any other person to whom the incident would ordinarily be reported or filed, the report may instead be submitted to the Superintendent or designee, who shall determine who will investigate the complaint.

(cf. 5141.4 - Child Abuse Prevention and Reporting)

### **Confidentiality**

All complaints and allegations of sexual harassment shall be kept confidential except as necessary to carry out the investigation or take other subsequent necessary action. (5 CCR 4964)

However, when a complainant or victim of sexual harassment notifies the district of the harassment but requests confidentiality, the Compliance Officer shall inform him/her that the request may limit the district's ability to investigate the harassment or take other necessary action. When honoring a

request for confidentiality, the district will nevertheless take all reasonable steps to investigate and respond to the complaint consistent with the request.

When a complainant or victim of sexual harassment notifies the district of the harassment but requests that the district not pursue an investigation, the district will determine whether or not it can honor such a request while still providing a safe and nondiscriminatory environment for all students.

(cf. 4119.23/4219.23/4319.23 - Unauthorized Release of Confidential/Privileged Information)

(cf. 5125 - Student Records)

### **Response Pending Investigation**

When an incident of sexual harassment is reported, the Principal or designee, in consultation with the Compliance Officer, shall determine whether interim measures are necessary pending the results of the investigation. The Principal/designee or Compliance Officer shall take immediate measures necessary to stop the harassment and protect students and/or ensure their access to the educational program.

To the extent possible, such interim measures shall not disadvantage the complainant or victim of the alleged harassment. Interim measures may include placing the individuals involved in separate classes or transferring a student to a class taught by a different teacher, in accordance with law and Board policy. The school should notify the individual who was harassed of his/her options to avoid contact with the alleged harasser and allow the complainant to change academic and extracurricular arrangements as appropriate. The school should also ensure that the complainant is aware of the resources and assistance, such as counseling, that are available to him/her. As appropriate, such actions shall be considered even when a student chooses to not file a formal complaint or the sexual harassment occurs off school grounds or outside school-sponsored or school-related programs or activities.

### **Notifications**

A copy of the district's sexual harassment policy and regulation shall:

1. Be included in the notifications that are sent to parents/guardians at the beginning of each school year (Education Code 48980; 5 CCR 4917)

## **Boundaries Policy**

### **DISCIPLINARY PHYSICAL CONTACT WITH STUDENTS**

It is the policy of Manzanita Charter Middle School that no teacher or other staff member will use corporal punishment against a student. This prohibition includes spanking, slapping, pinching, hitting, tying, taping, or the use of any other physical force as retaliation or correction for inappropriate behavior.

### **STAFF-STUDENT INTERACTIONS**

While the use of appropriate touching is part of daily life and is important for student development, teachers and other staff members must ensure that they do not exceed appropriate behavior. If a child or other staff member specifically requests that he or she not be touched, then that request must be honored without question.

#### Boundaries Defined

For the purposes of this policy, the term “boundaries” is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing beyond the boundaries of a student-teacher relationship is deemed an abuse of power and a betrayal of public trust.

#### Acceptable and Unacceptable Behaviors

Some activities may seem innocent from a staff member’s point-of-view but could be perceived as flirtation or sexual insinuation from the perspective of students or parents. There is no single reasonable person standard. The purpose of the following lists of unacceptable and acceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to or may be perceived as inappropriate, or sexual misconduct, or “grooming.” Grooming is defined as an act or series of acts by a sexual predator to gain physical and/or emotional control by gaining trust (of staff and/or family and a minor) and desensitizing the minor to various forms of touching and other intimate interaction.

Staff members must understand their own responsibilities for ensuring that they do not cross the boundaries as written in this policy. Violations could subject the teacher or staff member to discipline up to and including termination. *Disagreeing with the wording or intent of these established boundaries will be considered irrelevant for any required disciplinary purposes.* Thus, it is critical that all employees study this policy thoroughly and apply its spirit and intent in their daily activities.

## Unacceptable Behaviors

These lists (and any subsequent lists) are not meant to be all-inclusive, but rather, illustrative of the types of behavior intended to be addressed by this policy.

1. Giving gifts of a personal and intimate nature (including photographs) to a student; or items such as money, food, outings, electronics, etc. without the written pre-approval of the Principal or School Leader. **This policy does not prevent:** 1) touching a student for the purpose of guiding them along a physical path; 2) helping them up after a fall; or 3) engaging in a rescue or the application of Cardio Pulmonary Resuscitation (CPR) or other emergency first-aid. Nor does it prohibit the use of reasonable force and touching in self-defense or in the defense of another. Restraining a child who is trying to engage in violent or inappropriate behavior is also allowed. Only such force as necessary to defend one's self, another person, or the child or to protect property is legally permitted. Excessive force is prohibited.

**This policy does not prevent:** 1) touching a student for the purpose of guiding them along a physical path; 2) helping them up after a fall; or 3) engaging in a rescue or the application of Cardio Pulmonary Resuscitation (CPR) or other emergency first-aid. Nor does it prohibit the use of reasonable force and touching in self-defense or in the defense of another. Restraining a child who is trying to engage in violent or inappropriate behavior is also allowed. Only such force as necessary to defend one’s self, another person, or the child or to protect property is legally permitted. Excessive force is prohibited.

### Boundaries Reporting

When any staff member, parent, or student becomes aware of a staff member (or volunteer, guest, vendor) having crossed the boundaries specified in this policy, or has a strong suspicion of “grooming behavior,” he or she must report the suspicion to the <POSITION TITLE> promptly. “Grooming behavior” is an attempt to build an emotional and/or physical connection with a minor to gain their trust for the purpose of sexual abuse. “Suspicion” means something perceived in spite of inconclusive or slight evidence. It is based on facts that would lead a reasonable person to believe that a violation of the boundaries policy occurred. Prompt reporting of “unacceptable behaviors” observed in adult interactions with minors is essential to protect students, staff, any witnesses, and the school as a whole. When observant staff members call attention to a boundaries violation(s), the likelihood of harm is greatly reduced.

### Child Abuse / Sexual Abuse Reporting (Mandatory Reporting)

If, within your professional capacity or within the scope of your employment, you observe or gain possession of knowledge that a child has been a victim of child abuse or sexual abuse (or you reasonably suspect it), **California Penal Code Section 11166 requires YOU to immediately report this information or suspicion directly to your county child protective agency (CPS) or local police/sheriff.** The report shall be made by phone immediately, and a subsequent written report must be sent within 36 hours of your knowledge or suspicion of the abuse.

You do not need permission to report. No supervisor or administrator can impede or inhibit a report or sanction you for making the report. Your report is confidential, and you are protected from liability as long as you do not discuss the matter with anyone other than law enforcement, CPS and your school’s designated responsible administrative person. Failure to meet your reporting obligation can result in a monetary fine and/or jail.

Internal reporting to the Business Services Consultant or Principal occurs after the phone-in report is made to the police/sheriff or CPS.

### Internal Investigations

The Business Services Consultant or Principal will promptly communicate with the investigating enforcement agency to determine whether an investigation will be conducted by that agency. The administrator will confirm with law enforcement as to whether the initiation of an internal school investigation would interfere with any criminal investigation. Only law enforcement has the authority to grant clearance to investigate the matter administratively.

Upon receiving information from the mandated reporter, the designated responsible administrator must take immediate action to stop the alleged inappropriate conduct — by removing the employee (or volunteer/vendor/guest) from the classroom or worksite when there is a potential risk to student or school safety. The Business Services Consultant or Principal shall consult with legal counsel as appropriate, prior to, during, and after conducting any investigation.

### Consequences

Staff members who have violated this policy will be subject to appropriate disciplinary action, and where appropriate, will be reported to authorities for potential legal action.
